Peggy Gehrig, CPWM Ex. Assistant
Michael Romano, General Forman

A Note from the Superintendent of Public Works

We're pleased to provide our website, which we created to keep you better connected with all that's happening here at Public Works. We welcome your feedback. We will continue to add new features to the site as well, so if there's anything you'd especially like to see, please let us know. Unlike other departments, the Department of Public Works touches each resident everyday. We provide essential services that bring water and electric to your home, maintain the roads you travel, maintain the infrastructure you use at home or office, maintain the parks you and your family uses, collect, and appropriately dispose of your waste. These services are provided to 54,000 residents, 600+ streets, 17,000+ homes 5 Pump Stations and over 160 miles of underground piping.

Our men and women provide these essential services to you with pride, honor and the efficiency.

We thank and support all of the residents that support and write notes and letter of support for our work, it's an affirmation that it does not go unnoticed.

Sincerely

Sergio Panunzio CPWM, CPM
Superintendent of Public Works
