Superintendent

FREE Tree Planting

The Township of Union offers free tree planting to residents upon request. Tree planting is twice a year, in the late spring and late fall. The Township selects the species each year based on recommendations of the nursery arborist. Homeowners are notified prior to planting, and arrangements are made to place the tree in a suitable location. If you wish to have a new tree planted in front of your home, please contact Public Works at the number above.

These trees are recommended by the department for planting on our town streets. Research, from the U.S. Urban & Community Forestry, indicate that the root growth of these trees is vertical, not horizontal like traditional trees, thus limiting sidewalk and street root growth. See below:

Maple, Silver
(Acer Saccharinum)

Pear, Chanticleer
(Pyrus Calleryana)

Plum, Purple leaf
(Prunus Cerasifera)
